Olympia Ceramica arricchisce il suo catalogo con una nuova ricca linea di lavabi: "DROP".  
 Notevoli le prestazioni, come si evince dai numeri stessi che caratterizzano la linea: 19 pezzi, 4 differenti versioni e molteplici misure (60-80-100-120 cm), oltre a ulteriori soluzioni di dimensioni 120-140-160 cm con doppia vasca per ogni tipo di esigenza. Notevolmente moderna e discreta l'estetica, resa dai bordi ultrasottili e dagli ampi bacini con piani di appoggio in ceramica, a sostegno di una spiccata funzionalità: tutti i lavabi infatti possono essere collocati in appoggio, sospesi oppure su mobile, sia in ambienti privati che projects.  
 Con la nuova linea di lavabi Drop Olympia Ceramica si conferma azienda capace e dinamica, sempre al passo con i tempi e adeguata alle esigenze di un mercato in continua evoluzione.

*Olympia Ceramica enriches its catalogue with a new rich line of washbasins: "DROP". The performance is remarkable, as can be seen from the numbers that characterize the line: 19 pieces, 4 different versions and multiple sizes (60-80-100-120 cm), as well as additional solutions in the sizes 120-140-160 cm with double basin for every type of need. The aesthetics are remarkably modern and discreet, made possible by the ultra-thin edges and the large basins with ceramic support surfaces, supporting a marked functionality: all the washbasins can in fact be placed on a countertop, suspended or on a piece of furniture, both in private and projects environments. With the new line of washbasins Drop Olympia Ceramica confirms itself as a capable and dynamic company, always in step with the times and adapted to the needs of a constantly evolving market.*
