Crea

Crea reinterprets wall cladding in a scenic and contemporary way. In the 60x135 cm format, it allows for continuous walls up to 270 cm high. The three-dimensional textures Forma01 and Forma03 enhance the wood effect, while Crea Pietra Sicilia, in White and Beige tones, features modules inspired by Doric fluting. The range is completed by the Intonaco Deco decoration, designed for dynamic and refined surfaces.
